#### MAJOR EXPENDITURES AND REVENUE IN 2013-14 ADOPTED BUDGET

Requirements of \$20.1 million represent staffing expenses of \$15.2 million which make up the majority of expenditures in this budget unit and fund 134 budgeted positions. These expenses are necessary to provide an adequate level of administrative, finance, and support services including chief officers for Department operations in all regional service zones. Operating expenses of \$7.6 million fund administrative and support services, including: training, equipment, equipment maintenance, warehouse, vehicle, and communication services. Capital expenditures of \$3.1 million include County Fire's vehicle, apparatus and other equipment replacement plan. Reimbursements of \$14.3 million primarily represent transfers in from the regional service zones, HAZMAT, Household Hazardous Waste, and the Office of Emergency Services to fund administrative and support services functions. Operating transfers out of \$973,549 primarily includes the distribution of County Fire administration support to the regional service zones and vehicle/equipment replacement reserves. Sources for this budget unit are as follows: \$6.5 million of property taxes; \$710,019 of state/federal/other government aid; \$1.7 million of

fee/rate revenue from contracts, various Fire Prevention fees, and health fees; other revenue of \$476,666, and operating transfers in of \$3.9 million which includes County general fund support of \$3.7 million to fund the 2013-14 vehicle replacement program and emergency fuel.

## **BUDGET CHANGES AND OPERATIONAL IMPACT**

Major requirement changes include an increase in operating expenses of \$540,361 primarily due to a technical reclassification of internal cost allocations and an increase in contingencies of \$3.5 million primarily as a result of prior year operations. Major changes in sources include an increase in fee/rate revenue of \$547,851 due to an increase in Fire Prevention permit fee revenue, an increase in other revenue of \$401,666 due to the development and implementation of a new Handcrew program, and a decrease in operating transfers in of \$798,397 primarily due to a direct transfer of County General Fund support to the Office of Emergency Services rather than the distribution to County Fire Administration followed by a transfer to the Office of Emergency Services.

## STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$15.2 million fund 134 budgeted positions of which 110 are regular positions and 24 are limited term positions. Staffing increased by a net total of 19 positions due to an increase of 1 Office Specialist, 1 Collection Officer, 2 Fiscal Assistants, 1 Fire Equipment Technician II, 1 Office Assistant III, 2 Public Service Employees (PSE) Battalion Chiefs and 18 Fire Suppression Aides, offset by a decrease of 1 Fire Marshal, 4 Division Chiefs, 1 Staff Analyst I, and 1 Office Assistant I. The operational impact of the changes will decrease over-time in the fiscal department, staff the new Handcrew program, transfer both the Fire Marshal and Staff Analyst I positions to the Hazardous Materials Division budget and the 4 Division Chief positions to their assigned regional service zone budgets.

## STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$7.4 million fund 93 budgeted positions of which 36 are regular positions and 57 are limited term. These expenses are necessary to provide fire protection, paramedic, and administrative services to the regional service zone. Additionally, operating expenses of \$7.8 million support the operations of 16 fire stations including the costs related to the facilities, equipment, vehicle services, and services and supplies. The most significant sources for this zone are property taxes of \$7.1 million, fee/rate revenue from contracts and special assessment taxes of \$20.4 million, and operating transfers in of \$4.1 million, which includes County general fund support of \$3.3 million.

Capital expenditures decreased by \$1.0 million due to one-time equipment and vehicle purchases for the Fontana Fire Protection District contract in 2012-13. Contingencies increased by \$1.6 million. Major changes in sources include an increase in fee/rate revenue of \$310,841 primarily due to an increase in special assessment revenue and contributions from Lytle Development Company, Lennar Lytle LLC as a result of the fair share contribution agreement with County Fire in support of Station #2 in Devore and a decrease in other revenue of \$1.3 million due to a decrease in one-time equipment and vehicle purchases funded by the Fontana Fire Protection District contract in 2012-13. Operating transfers in increased by \$1.0 million due to an increase in County general fund support for suppression operations offset by a decrease in transfers in from reserves for structure improvements.

## **MAJOR EXPENDITURES AND REVENUE IN 2013-14 ADOPTED BUDGET**

Operating expenses of \$285,605 include services and supplies to pay the Fontana Fire Protection District the net proceeds of the special tax levy, minus minor administrative costs, to administer the CFD. These expenditures are primarily covered by fee/rate revenue from a Special Assessment of \$565 per parcel which generates \$285,500 of revenue.

## **BUDGET CHANGES AND OPERATIONAL IMPACT**

This budget is for a CFD which imposes a per parcel charge each year. The CFD is administered by County Fire and all revenue received is passed through to the Fontana Fire Protection District and it is not anticipated to have any new annexations to the CFD in 2013-14 or increases in costs. Therefore changes to this budget are minimal.

## STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

regulatory concern. The second program involves the cleanup of contamination from leaking underground storage tanks. Monitoring of about one thousand underground storage facilities has lead to the investigation of leaks at hundreds of facilities. The staff in this program work with the owner of the facility to provide the best and fastest methods to remove the contamination and protect ground water. The third program provides emergency response to, and investigation of, all releases of hazardous materials. This 24/7 team responds to all types of releases from businesses, pipelines, tanker trucks and rail cars. They are capable of mitigating the release as well as ensuring that any contamination resulting from the spill or release is remediated below any level of health risk concern. If there is any sign of misconduct, the program contacts the County Environmental Crimes Task Force that coordinates all investigatory activity with the District Attorney's office.

### MAJOR EXPENDITURES AND REVENUE IN 2013-14 ADOPTED BUDGET

Requirements of \$2.3 million represent staffing expenses of \$1.5 million which make up the majority of expenditures in this budget unit and fund 17 budgeted positions. These expenditures are necessary to provide emergency management and disaster planning and coordination throughout the San Bernardino County Operational Area. Additionally, operating expenses of \$1.2 million support and assist all 24 cities and towns, as well as all the unincorporated portions of the County and include the costs related to the facilities, vehicle services, grants, and services and supplies. The most significant source for this budget unit is \$1.3 million of operating transfers in which represents County general fund support.

### **BUDGET CHANGES AND OPERATIONAL IMPACT**

Major requirement changes include a decrease in operating expenses of \$651,012 due to a decrease in services and supplies and transfers out as a result of the closing of the 2011 EMPG grant and completion of 2010 HSGP projects in the prior year. Contingencies decreased by \$294,709. Reimbursements decreased by \$842,668 due to the 2011 EMPG, 2009 Regional Catastrophe, and Disaster Corps II grants closing. Major sources of revenue changes include a decrease in state/federal/other government aid of \$582,767 due to the 2011 EMPG, 2009 Regional Catastrophe, and Disaster Corps II grants closing and an increase in operating transfers in of \$481,926 due to increased County general fund.

### STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1.5 million fund 17 budgeted positions of which 15 are regular positions and 2 are limited term positions. There is a zero net impact to the budgeted positions as a result of a decrease of 3 Contract Emergency Services Officer positions offset by the increase of 2 Emergency Services Officer and 1 Public Service Employee (PSE) positions. The operational impact of staffing changes will allow adequate staffing coverage to continue following the elimination of grant revenue which funded the contract positions. Additional County general fund has been allocated internally to fund the positions.
